Support the ALNF refugee literacy program - RAS

The Australian Literacy & Numeracy Foundation (ALNF) is a philanthropic organisation dedicated to raising language, literacy and numeracy standards in Australia and raises funds to develop, implement and sustain innovative projects for individuals, families and communities. ALNF's programs span from early years learning through to adolescent and adult learning needs and address the needs of a diverse range of individuals and communities, including Indigenous, refugee and migrant communities.

Half of Australia's refugees are under the age of 15. Many are placed in schools within 48 hours of their arrival to Australia. ALNF's RAS program has been running since 2007 with the support of the University of Western Sydney, NSW DET and participating schools.

Through the RAS program the ALNF recruits, trains and places university students in schools with a high refugee representation to provide young refugees with opportunities to learn, explore and develop through strong relationships.
